11	For more information, including how to exercise your rights to access, rectification, object and data portability (where applicable), see the privacy statement:	<p>DATA PRIVACY NOTICE</p> <p>What personal data do we process and who can access it? For the purpose of establishing the volunteer support groups, collection and processing of contact details of staff (temporary agents, contract agents, seconded national experts and trainees) and consultants at the ESMA and/or EBA is done based on the freely given consent of persons who volunteer either for being contacted later on to provide support or for receiving support from the support group(s).</p> <p>The names and email address of those who wish to volunteer for the 'social contact' group are required so the Staff Committee and/or HR Unit can establish an Excel table database of names. This Excel table will be published, based on the approval of the data subject, on the intranet of the EBA and/or ESMA.</p> <p>Furthermore, if a staff member wishes to act as a 'help support volunteer', they are required to provide their name, email address and location (city and neighborhood) so that the Staff Committee and/or HR Unit can establish an Excel table database. This Excel sheet will be published, based on the approval of the data subject, on the intranet of the EBA and/or ESMA.</p> <p>Staff and consultants will provide the abovementioned data by email and will be required to give their explicit consent that this data be used for the purpose as described above. Who can access it? The data collected will appear in an Excel table(s) on the intranet of the EBA and/or ESMA. Colleagues who would like help or social contact can consult the lists. For what purpose do we process your personal data? The purpose of processing your personal data is: • To establish volunteer support groups: To collect the contact details of staff and consultants at the EBA that wish to volunteer for the support group(s) and who wish to avail of contact from a member(s) of the support group(s) at either the EBA and/or ESMA. What is the legal basis for processing your personal data? Processing of your personal data is necessary as in the current circumstances, whilst respecting governmental guidelines and maintaining safety, it is important for staff, temporary agents, contract agents, seconded national experts, trainees and consultants to maintain contact with other colleagues, whether it be at the EBA and/or ESMA, if they wish to do so and to know that there may be someone who could help them if they are unable to leave their home.</p> <p>In this context, volunteer support groups are being set up to encourage social interaction and to assist those in need whilst in lock-down, self-isolation or quarantine. Staff and consultants who wish to be part of either group will declare that they give their consent to their data being published on the intranet of the EBA and/or ESMA.</p> <p>Where did we get your personal data? Staff and consultants who wish to do so will provide the above mentioned data by email and will be required to confirm that they agree that this data be used for the purpose as described above: To be placed in an Excel table database of volunteers for help and/or social contact that will be published on the intranet of the EBA and/or ESMA.</p> <p>How long do we keep your personal data? All collected personal data will be destroyed one month after ESMA's Staff Committee decides to discontinue Social Volunteer Supporting groups and no more than three months counted from the moment the information was initially collected from data subjects; from then on ESMA's Staff Committee will have to gather again data subject's informed consent.</p> <p>What are your rights regarding your personal data?
